Experience

Coding Ninjas   **March 2024 – Present**
Teaching Assistance-Mentor   *Remote*
- Provided comprehensive mentorship and guidance to over 1,000 students, helping them develop their skills in full stack web development.
- Designed and delivered curriculum covering key full stack technologies including HTML, CSS, JavaScript, Node.js, Express, React, and databases like MongoDB and MySQL.
- Offered continuous technical support and problem-solving assistance, ensuring students could overcome challenges and achieve their learning goals.

I95Dev   **Dec 2021 – Feb 2024**
Software Engineer   *Hyderabad, Telengana*
- Created responsive and visually appealing user interfaces using HTML, CSS, and JavaScript.
- Expertly integrated and customized front-end frameworks, including React.js and Magento, to build dynamic and interactive web applications.
- Ensured cross-browser compatibility by writing code that functions consistently across different web browsers.
- Implemented efficient Git workflows to facilitate collaboration and code integrity, demonstrating a commitment to version control best practices.
- Designed and implemented user interface features based on UI/UX principles and design mockups.

KaaShiv InfoTech   **Nov 2021 – Dec 2021**
Specialized Internship   *Chennai, TamilNadu*
- Gained insights into Information Technology practices, including system administration and IT infrastructure management.

Projects

Chat-Application   **March 2024**
- Created a dynamic and responsive chat App using React.js, showcasing proficiency in front-end development.
- Integrated Firebase to fetch real-time conversation, enhancing the application's content and user experience.
- Managed application state efficiently, ensuring smooth user experience and reducing the complexity of passing props through multiple components.
- Increased user engagement and retention through intuitive design and real-time features .

PhotoFolio   **January 2024**
- Developed a PhotoFolio web application using Firebase, showcasing proficiency in full-stack development.
- Designed an intuitive and visually appealing user interface for creating, editing, and showcasing photo portfolios.
- Implemented CRUD (Create, Read, Update, Delete) functionalities to enable users to manage their photofolio seamlessly.

Education

Anna University   **April 2017 – June 2021**
Bachelor of Computer Science - CGPA of 7.6   *Chennai, TamilNadu*
